

Energage Coach

Catalytic Coaching Course

The Catalytic Coaching system has transformed thousands of managers into Coaches by re-framing conversations and engaging employees for maximum performance.

Join creator Gary Markle for a powerful, three-day intensive learning experience. This course will provide you with the skills and knowledge to transform good managers into great coaches with Catalytic Coaching! Designed specifically for HR leaders and senior executives who are ready to make a positive, rapid impact on employee engagement.

- Discover how the Catalytic Coaching system will rapidly increase employee engagement.
- Work through real-life, challenging cases.
- Learn how to implement Catalytic Coaching in your organization.
- Identify and avoid the common barriers to success.
- Exchange best practices and network with other program practitioners.
- Earn your certification as a Catalytic Coaching Coach2.
